 Saturday 9:15A-Rotation

LAND/CYCLING EXERCISE CLASSES

ABS EXPRESS: This 15-min class, will focus on a variety of core exercises to help build strength & tone the abdominal area.

ATHLETIC CONDITIONING: A strength & conditioning class that emphasizes high intensity functional movement, maximizing your performance level.

ATHLETIC BELLS: This class focuses on strength and cardio development while performing a series of challenging drills using dumbbells or kettlebells.

BOOTCAMP: This type of class experience mixes traditional callisthenic & body weight exercises with interval & strength training.

CARDIO STRENGTH: This class encompasses weighted & body weight exercises to gain muscle mass, while achieving cardiovascular endurance. The workouts will be done with high intensity and energy. It is designed to promote strength, cardiovascular endurance, lean muscle growth & excess fat loss.

CIRCUIT: A multi-level workout designed for muscular strength, cardiovascular endurance and flexibility.

CYCLING: Burn calories and keep your muscles in shape while building cardiovascular endurance & strength.

CYCLING 101: This 30 minute class is for beginners to learn the fundamentals while building cardiovascular endurance & strength.

GROWING STRONGER: This functional fitness class will focus on increasing the strength of your muscles, maintaining the integrity of your bones and improve balance, coordination, and mobility.

KETTLEBELL EXPRESS: Fast results for strength, endurance and muscle toning by challenging both muscular and cardiovascular system with dynamic, total body movements.

KICKBOXING: Feel the power of music & action as you punch, kick & block your way to strength and cardiovascular endurance.

LITE-N-LOW: Focuses on cardiovascular endurance, strength, balance, flexibility taught in an appropriate manner for beginners to active older adults.

PUMP & ABS: Full benefits of a total strength class with multiple ab exercises.

STEP EXPRESS: Fun choreography to keep you moving using a step.

STRENGTH TRAINING: Designed to exhaust your muscles and improve your strength. A variety of equipment will be used.

TABATA: High intensity interval training through short rounds of work and rest.

TOTAL BODY HIIT: High Intensity Interval Training (HIIT) is a type of cardio in which you alternate short, very high intensity intervals with longer and slower intervals.

TOTAL CORE: Focuses on a variety of abdominal exercises to strengthen the core.

TOTAL STRENGTH: Free weights, body weight, stability balls and more to challenge all of your muscles to stay focused and strong.

ZUMBA: Salsa, Cha-Cha-Cha, Mambo & many more varieties of dance styles for a fun and energetic class.

ZUMBA GOLD: The exciting Latin dances rhythms in the original Zumba program for active older adults, the beginner & other special populations that may need modifications for success.

MIND/BODY EXERCISE CLASSES

GENTLE YOGA: Level-1 class practices body awareness, breathing, postures, visualization, relaxation & meditation. Develop strength & flexibility through the mind, body, & spirit.

INTERMEDIATE YOGA: Level-2 covers poses and their variations more in depth than level 1. Poses are held longer to improve strength, balance & flexibility.

INTRO TO PILATES: Focuses on Pilates Principles including breath, concentration, control & center to build a basic mat Pilates routine.

JUST STRETCH: Improve flexibility, move better & risk fewer injuries.

MAT PILATES: Full body-conditioning program comprised of a series of movements performed on a mat with all the benefits of Pilates.

PILATES COMBO: Combination of Mat Pilates & PiYo into one class.

PIYO: Music-driven, athletic workout that strengthens, stretches, & tones with dynamic movements inspired by the best of Pilates & Yoga.

POWER YOGA: Level-3 class with an aggressive athletic style that emphasizes intense strength & stretching. Offers an aerobic appeal building heat & sweat throughout the class. Previous gentle or intermediate practice is recommended.

STRENGTH & BALANCE: Combines balance, coordination, agility, flexibility & strength to improve the quality of life for older adults.

TAI CHI: Combines different forms of Tai Chi & Qi Gong & main focus on Yang style and technique.

YIN YOGA: Using floor poses to open the energy channels within the body, they will nourish the organs, joints & connective tissue of the body.

WATER EXERCISE CLASSES

AQUA CHI: Exercise and relaxation program to help us enjoy the water in a flowing yet powerful progression. You'll increase oxygen & burn calories simply with correct form and positioning in the water.

DEEP: Moderate to high intensity cardio & strength segments using a variety of equipment. A floatation belt will be worn.

ROM: Reach Out & Move. This shallow water exercise is proven to help you live better with arthritis. Reduce stiffness and increase strength & flexibility.

SHALLOW: All the benefits of deep water but in the shallow water.
